There is a small but significant chance that an asteroid will strike Earth in the next 100 years, up to 100 times the size of the bomb, an international team of astronomers concluded.

The Astronomical Union, the first formal public prediction of a potential impact, said that a newly discovered asteroid-like object called 2003 YF344 will hit Earth in 2030. The object could be anything from a discarded

New Deal Gets
Setback at PollsG.O.P. Gains Ground in Dozen States;
Pennsylvania Wrested From Democrats;
Taft Far Ahead of Bulkeley in Ohio

The New Deal suffered a body blow in yesterday's elections, when Republicans recaptured their old stronghold of Pennsylvania, and made striking gains in other States.

However, the Republicans took some buffering themselves. They lost their grip on the New York Governorship, with Governor Lehman defeating Thomas A. Dewey in a "photo finish" that was breath-taking. Democrats also captured both Senatorial races in New York.

Robert A. Taft, Republican, son of the former President, seemed headed for victory over Senator Robert J. Bulkeley, Democrat, seeking reelection in Ohio. This was considered sure to put Taft's name in the list of possibilities for the Republican Presidential nomination in 1940.

The La Follette regime in Wisconsin seemed headed for a second term, when Governor Joseph P. Hill, Milwaukee manufacturer, carried off the Republican ticket. A third term was Governor Philip D. Francis, who was fighting yesterday after promising a "millionaire" progressive party which would protect women in the industry for a third Presidential term.

Republicans Show Gains in Voting

Although the lead of State Senator Olson (D.) in Los Angeles County over Governor Merriam seemed sufficient for his election to yesterday's general election, Merriam last night refused to concede defeat, insisting that the rural vote might be enough to alter the result.

Immediately after the Merriam statement the Olson advantage, in the last quarter of the county's 4402 precincts to report, decreased materially, indicating that his plurality here may fall far short of the early estimate of 100,000.

While the Democrats apparently succeeded in capturing the Governorship and in holding their United States Senate seat with Sheridan Downey (D.) defeating Philip Bancroft (R.), their majority in House seats seemed to have been reduced.

Victory seemed to be the prospect for the Los Angeles County Board of Supervisors, which was expected to win 10 seats to 5 for the Republicans. The Board of Supervisors is expected to win 10 seats to 5 for the Republicans.

King Leopold and Queen Wilhelmina Ready to Help Britain, France and Germany Find Way to End Warfare in Europe

The Hague, Nov. 7. (AP)—King Leopold of Belgium and Queen Wilhelmina of the Netherlands offered tonight to help find a way to peace for three great warring empires before the conflict begins with its full power.

The sudden offer of the good offices of the last unsmiling King and devout Queen, sovereigns of two small, peacefully placed neutral states, was made in a telegram to the heads of Germany, Britain and France after hurried and secret conferences at Noor, deinde Palace.

Informers sources hoped strongly that King Leopold's slight time dash by automobile to Noor deinde was prompted by information that Germany was about to gamble on an attack against France's Maginot Line, which military experts have agreed would cost thousands of lives.

Three sources said Queen Wilhelmina was of the opinion that the war would last for a long time, and that the Hague last night reached the decision.

The mediation offer was the second by the King and Queen. Three days before Germany invaded Poland, the royal couple, in a telegram to the heads of Britain, France and Germany, had offered to help find a way to peace.

Italy Warns Russia to Let Balkans Alone

Rome, Nov. 7. (AP)—Italy bluntly warned Russia today to stay out of the Balkans and the Danube Basin because the European powers have acknowledged Premier Mussolini's mission as "guardian of peace" there.

The warning was served by the journalist Virginia Jor, frequently mouthpiece for Mussolini, in the Giornale d'Italia and constituted the sharpest rebuff Italy has given to Russia's attitude toward Balkan and the new Soviet-German working agreement.

Referring to yesterday's news item of the Communist international, the Italian newspaper said: "The Russian revolution, which is the Russian revolution, is the Russian revolution."

Ohio Rejects Bigelow Plan by 3-1 Vote

Proposal Offered Sum of \$40 to \$50 Monthly to Residents Over 60

CLEVELAND, Nov. 7. (AP)—Ohio emphatically rejected today the Bigelow plan to extend old-age pension rolls to citizens between 60 and 65 and to liberalize payments.

For every voter who favored the program there were three who opposed it.

The result, the Secretary of State said, was the most decisive of his kind in the history of the state.

Returns from 144 of the state's 150 precincts gave the plan 31,747 votes.

State Swamps 30-Thursdays

Defeat of Atkinson Oil Measure Indicated as Two Small Loan Bills Victorious and Chiropractors' Proposition Loses

The Ham and Eggs pension proposal on its second appearance before the electorate in a year was smashed by California voters in the special election yesterday, late returns showing a 2-to-1 vote against 30 Thursdays. Every county in the state on returns at 1 a. m. had rejected the measure.

Along with the slaughtering of the proposal that "Life Begins at 50," the Atkinson oil-control bill, Proposition No. 5 on the ballot, took a decided beating also. Proposition No. 2, the chiropractors' act, was defeated, and Propositions No. 3 and No. 4, the anti-slavery bills, were approved by the voters.

Returning from their districts bearing at the hands of California voters' propensities of Ham and Eggs from their headquarters in Los Angeles, they left tonight with a defeat for a combination of millions and political treatment and revealed they will submit the plan to the voters again. The first step in that direction will be the "launching of a new movement" against Governor Olson today, they declared.

THE TOWN OF LOS ANGELES. In Los Angeles County the Ham and Eggs measure was shown under a vote that may approach a 2-to-1 margin against Governor Olson today.

When the final returns are in, this resulting defeat was considered particularly remarkable in view of the fact that when the proposal was put for the first time in the November election last year it stood in this county by only 11,000 votes.

The turnout of the vote in Los Angeles County exceeded the highest hopes of the opponents of the Ham and Eggs measure, the returns indicating that nearly 80 per cent of the county's 1,510,221 registered voters came to the polls.

NEW DRIVE PLANNED. The statement announcing the new drive for another Ham and Eggs campaign came tonight from the "League" of California, which has been in the forefront of the anti-Ham and Eggs campaign.

The "League" stated that it has a plan to register 1,510,221 voters in the county, and that it has a plan to register 1,510,221 voters in the county.

Ham and Eggs Leaders Blame Millions and Treasury for Defeat

"Millions of dollars and not a single vote," declared the Ham and Eggs pension plan, promoters of the scheme announced tonight in the same breath as they announced that Governor Olson today.
